## INDEPENDENT AUDITOR'S REPORT

To the Stockholder  
Bridge Capital Associates, Inc.

We have audited the accompanying statement of financial condition of Bridge Capital Associates, Inc., as of December 31, 2007 and the related statements of operations, changes in stockholder's equity, and cash flows for the period from January 7, 2007 (date of inception) to December 31, 2007 that you are filing pursuant to rule 17a-5 under the Securities and Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Bridge Capital Associates, Inc., as of December 31, 2007 and the results of its operations and its cash flows for the period from January 7, 2007 (date of inception) to December 31, 2007 in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the Schedules I, II and III is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**BRIDGE CAPITAL ASSOCIATES, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
December 31, 2007

**NOTE A — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Organization and Description of Business: Bridge Capital Associates, Inc. (the "Company"), a Georgia corporation, was organized in January 2007 and became broker-dealers in July 2007. The Company is a securities broker-dealer registered with the Securities and Exchange Commission ("SEC") and the Financial Industry Regulatory Authority ("FINRA").

The Company provides a full service brokerage firm platform for investment bankers and mergers and acquisitions professionals through an independent contractor business model that allows investment banking professionals to maintain their existing corporate identity and infrastructure with minimal modifications required in order to achieve full compliance with SEC, FINRA and state rules and regulations.

Cash and Cash Equivalents: The Company considers all cash and money market instruments with a maturity of ninety days or less to be cash and cash equivalents.

Income Taxes: The Company has elected S corporation status. Income or losses of the Company flow through to the stockholder and no income taxes are recorded in the accompanying financial statements.

Estimates: Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets, liabilities, revenues and expenses. Actual results could vary from the estimates that were assumed in preparing the financial statements.

**NOTE B — NET CAPITAL**

The Company, as a registered broker dealer is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 8 to 1. At December 31, 2007, the Company had net capital of \$29,168, which was \$24,168 in excess of its required net capital of \$5,000 and its ratio of aggregate indebtedness to net capital was .11 to 1.0.

**NOTE C — RELATED PARTIES**

The Company has an expense sharing agreement with a related company. Under the agreement, the related company provides the Company with office facilities and certain other general and administrative support in exchange for management fees. Expenses under the agreement for 2007 were approximately \$23,000.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL ACCOUNTING CONTROL  
REQUIRED BY RULE 17a-5**

To the Parent  
Bridge Capital Associates, Inc.

In planning and performing our audit of the financial statements of Bridge Capital Associates, Inc., for the year ended December 31, 2007, we considered its internal control structure, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including test of compliance with such practices and procedures) followed by Bridge Capital Associates, Inc., that we considered relevant to the objective stated in Rule 17a-5(g). We also made a study of the practices and procedures followed by the Company in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and the procedure for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company related to the following: (1) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13; (2) in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System; and (3) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2007 to meet the Commission's objectives.

This report recognizes that it is not practicable in an organization the size of the Company to achieve all the division of duties and cross-checks generally included in a system of internal accounting control, and that alternatively, greater reliance must be placed on surveillance by management.

This report is intended solely for the use of management, the Securities and Exchange Commission, the New York Stock Exchange and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers and should not be used for any other purpose.
